on

Letter No. 382/19 dated 28th October 1876 from the Superintendent of Coorg.

With the above the Coorg Superintendent submits for sanction, District Fund Budget Estimates of the Coorg Province for 1877-78. The Estimated Charges for 1877-78 amount to Rupees 37901. against Rs 45831 in 1876-77, which include Rs 11000 sanctioned in October last for the Coorg Supplemental Budget.

2. As is shewn in the margin the Estimate of probable receipts during 1877-78 is given at Rs 20120 against Rupees 20450 in 1876-77, shewing a decrease of Rupees 330, which is wholly under

under the heads "Market-

The decrease of Rupees 100
under the former head is
not been explained, while
that of Rupees 780 under the
latter head is stated to be
owing to the lease for the
Collection of Tolls on that road
having been carried out for
Rupees 15220. The enquirist
states that this decrease
is merely nominal, as the
cost of establishment for
Collection amounts to
Rupees 2530 per annum has
been saved to Government.
Under the head "Miscellaneous
a sum of Rs 100 is estimated
for 1877-78 as against Rs 50
for the Current year. As the

3. Original Works. Under the Head Original Communications the 6 Projects named in the margen are entered in the Budget for 1877-78 at an outlay of Rs. 13500 The first 3 are entered as new ones and are stated to be essentially required the 1st to ensure the Communication between the Bamboo, (the Coffee growing District in South Coorg) and Mercara the 2nd to open Communication with the Sea-Coast of Mangalore and the 3d for a bandy-road between Mercara and Somawarpet during the monsoon The Project is for constructing Musafarkhanas at Siddapur Kohimad and Somawarpet which

though entered in the Current years Budget had been ordered to be kept in abeyance till the site of the Kaveri Bridge was decided. The construction of this Bridge has now been provided for, vide Project No 1; but the necessity for constructing the Dussehra Khanas has not been explained. Projects nos 5 & 6 had already been provided for by the Superintendent in the Coorg Supplemental Budget for the current year as being urgently needed to open up the Bamboor, the great Coffee-growing District of Coorg, but were struck out, as it was considered that they might well be deferred till next year. For all these Projects the Superintendent reports that Estimates will be submitted shortly pending

12

the Receipt of these Estimates the entries in the Budget may be allowed to stand. Including Rupees 2000 provided for the Miscellaneous Public Improvements the total outlay for Original Works is estimated at Rs 15500 as against Rs 21300 for the Current year.

4 Repairs As was done in the Current years Budget a sum of Rs 6000 is provided as grant-in-aid to the Imperial Funds, towards the repairs to approaches to Perumbady and Sampaj ghats. It is presumed that a corresponding provision will be made in the P. W. Imperial Budget. The annually noted 8 works are also provided for under this head all of which, with the exception of No 6, the necessity for which has not

Reserve Fund & Miscellaneous Public Improvements Rupees each a provision of Rs 1000 made for them: and a similar sum has also been provided as contribution for making some necessary additions to the Civil Dispensary at Mercara the cost of which is stated to have been roughly estimated at Rupees 3000 by the Executive Engineer Coorg Division. The Superintendent states that he has submitted for sanction a re-appropriation statement for the balance of Rupees 2000 being met from

Before sanctioning the re-appropriation the Superintendent has been requested to forward the necessary Estimate for the repairs which has not been received as yet: but pending its receipt the provision now made may be allowed to stand. The total outlay under Repairs is thus estimated at Rupees 17825 against Rupees 16525 for the Current year.

Sir.

I have the honor to acknowledge the receipt of your Docket No 702 of the 30th March in which you request my opinion as to whether a new Civil Hospital is actually necessary, or whether the addition of a wing to the present building would not be sufficient

1. In reply I beg to state that if the expenditure of a large sum of money which the new Hospital would cost were a matter of no consideration it would be very desirable to have one as the present building was never planned or built for the purposes of our Hospital.

2. As however the money is not easily forthcoming for a new Hospital I would propose certain alterations and additions to the present building which would cost comparatively little and which would in my opinion make the Hospital sufficiently commodious and comfortable for the number

and—

and class of patients usually under treatment:

3. The alterations required are merely such as will produce ventilation and more light for this purpose there are required.

a. An open verandah in front.

b. More windows in the wards.

c. Ventilators in the tops of the walls.

4. The additional accommodation I propose includes.

a. One large ward to accommodate 10 or 12 patients

b. Two small wards to accommodate 2 each for respectable European or Eurasian patients

c. Two detached wards for infectious or operation Cases.

d. Additional accommodation in Compounding room and additional store room.

e. Separate European Cook room.

f. Two small bath rooms.

5. I enclose a rough sketch of the present Building, and of the way in which I believe the additions could best be made.

6. A Native Gentleman Mysore Ramanah has generously proposed to build a separate detached ward for the accommodation of Brahmins, with this addition I believe the Hospital could be so arranged as to accommodate

accomodate all classes of patients without offence to Creed or Caste.

Awaiting your opinion of my proposal.

Sir,

In submitting for sanction the enclosed District Fund Budget Estimate of the Province for the ensuing official year 1877-78; I have the honor to report that Lieut Colonel Thomson vide his letter dated 8th February 1876, No. 599, to the Secretary to the Department Public Works, proposed to grant from District Funds a contribution of Rs 15000/ for building a new Dispensary at Mercara, but the project was obliged to be abandoned for want of sufficient funds, and it has now been proposed to make some necessary additions to the present building, in view to securing accommodation for all classes of in-patients, and the cost is roughly calculated by the Executive Engineer at Rs 3000/. of this sum, 1000/ Rs have been entered in the Budget

as

as a contribution from District Funds, the remaining 2,000/ Rs being met from savings during 1876-77 for which a reappropriation statement has been submitted and the Chief Commissioner's sanction is solicited therefor.

Copy of letter, without date, No. 20 from the Civil Surgeon on the subject is attached.

2. A sum of Rs 100/ has been provided to meet the petty contingent charges of the Travellers' Bungalows and Musafirkhanas.

3. The decrease under receipts is owing to the lease for the collection of tolls on Ghat roads for 1876-77 having been farmed out for Rs 15,220/ but the decrease is nominal, as the cost of Establishment for collection amounting to Rs 2530/- per annum has been saved to Government.

4. The other items both under receipts and disbursements do not call for any explanation.

Sir,

In submitting the District Fund Budget for the ensuing Official year 1878-79 I have the honor to bring to notice that while the receipts are estimated at Rupees 20,900. the expenditure on repairs alone amount to Rupees 22545; this may be explained by the grant-in-aid of Rupees 6,000 for repairs of the approaches to Perumbady and Sumpaje Ghauts being debited to the District Funds

2 I would also suggest that the Verajendrapet Periyapatna road via Siddapur be made an Imperial road.

Road from Amutti to Yitimati

3 This road was sanctioned in the Budget for 1877-78 and the work is being carried out by the Assistant Engineer who

who says that it will require Rupees 3000/ more to be spent on it next year.

4. The construction of three Moosafirkhanas has been sanctioned by the Chief Commissioner in Proceedings dated 31st May 1875 No 1789/405 and two should be taken in hand next year. The Assistant Engineer has been asked to expedite the estimate which on receipt will be submitted for sanction.

With the above, the Superintendent submits the Coorg District Fund Budget for the year 1878-79.

2. The receipts for 1878/79 are estimated at Rs 20,900 and adding thereto Rs 19,799 the probable cash balance at the close of the current yr the total assets amount to Rupees 40,699.

3. The levy of Tolls on roads has been farmed out this year for Rupees 16,761 to the estimated collection for 1878/79 are entered at Rs 16500 ~~The Superintendent has by Explanation that the Tolls may be retained.~~ Rupees

4. The Budget expenditure amounts to Rs 35,703 as shewn under: —

Original Works —	6,600
Repairs —	22,545
Establishments —	5829
Tools & Plant —	729
	35,703

5. In para 2 of his letter No. 588/30 dated 2nd February last the late Offg. Superintendent reported that the Executive was requested to prepare a standard plan and estimate of the approach roads leading to a Musafir-khana at a cost not exceeding Rs. 900-----. In the Budget now submitted, a provision of Rs. 1,500 has been made for each of the Musafir-khanas at Siddapur and Sonvarpatt. The amount is reduced to Rs 900 for each work, subject to the submission and approval of the plan and estimate above referred to.

With reference to the grant-in-aid of Rs 6000/- to be drawn from Imperial Funds for the repairs of the approaches to Bendambadi & Sampaji Ghats, and to the proposal made by ~~the late Offg Secretary in para 14 of his letter No. 436 dated 9th March 1880~~ Col. Jacob in para 14 of his letter No. 15 BC dated 7th Jany 1874 No. 739, that, from 1880, the annual maintenance allowance of these two roads will have to be borne entirely by District Funds, the Executive Engineer remarks that he is unable

D.P.W. Secy's Letter

to understand why the Divnl Funds should be charged with the maintenance of Imperial roads leading to the coast. The subject, however, is one which may be left for decision in 1880; tho' Mr. Saunders is of opinion that the proposed measure is one which, as far as now appears, will be found both impracticable & undesirable

9. Under "Establishment" there is an increased provision of Rs. 1,403 made in accordance with the proposal submitted ~~to the Government of India P.W.D.~~ in Mr. D'Arcy Scott's letter No. 1349/2215 dated 31st July Mr. Saunders ~~thinks~~ considers that pending the orders of Govt on the subject the ~~amount~~ increased provision a lump sum Rs. should be entered ~~may be entered~~

7 8. On account of Furniture for Bungalows and Office, a sum of Rs. 529 is entered as against Rs. 100 in the current year. The ~~Chief Commissioner directs that the~~ provision ~~be~~ is reduced to Rupees 300/-

8 9. The proposal made by the Superintendent in

para

para 2 of his letter treats the Veerajendrabetta – Principal road and Siddapur ~~&c~~ road made an Imperial & road will be restored to the Secretary P. W. D. for final

10. With the above modifications the Budget Estimate for 1878-79 is sanctioned, and ~~which~~ with stands thus: —

Enc: Nos: 2

Letter dy 19 Sept 178, No: 2173/843 from the Ex: Engineer, Coorg Division; forwarding an estimate for the construction of a bridge across a stream near Ammutty on the Ammutty Murnad road, and recommending that Rs 1500 or 1000 ℔ may be appropriated this year towards the work.

Has the honor to intimate, that unless a reappropriation of some of the grants for imperial roads can be made, the bridge must be provided for in the Budget of next year.
